Dear Local 89 Member,

A few months ago, our firm began working with Fred Zuckerman to develop a legal plan for Local 89 members. We have now completed the plan and are ready to begin enrollment. The plan provides members with invaluable legal services. Most importantly, the plan provides services at a rate everyone can afford.

Our goal in offering this plan is twofold. Initially, we want to eliminate some of the headaches that you, as key members, officers and agents, experience when members come to you with legal problems. Now, members can contact us directly. Second, we want to provide necessary services at reasonable rates. As you know, legal problems are becoming more and more frequent. We want Teamsters to rest assured that they have representation.

As key union members, we need your help in spreading the word. We simply cannot reach everyone without your help. Today marks the start of our official enrollment period. We are excited and would like to enroll as many people as possible. But, we need your support. Tell all union members working with you and/or your companies and get them signed up.

We have enclosed several copies of the contract for you to distribute. There are plenty more available at the union hall. We will also be glad to personally deliver more as needed. The enclosed contracts explain the plan in full detail. If you have any questions, simply call our office and ask to speak with Amanda Hartley. Likewise, please let us know if you have any suggestions.

We look forward to working with you. Thank you for your help!

Sincerely,
