Dear Brother Zuckerman and Membership of Local 89:

On behalf of the #1,000 active and #1,300 retired members of UAW Local 2164, we want to thank the officers and members of Teamsters Local 89 for your support during our strike at the GM-Corvette Plant in Bowling Green, KY.

The International Union called the national strike on Monday, September 24th at 10:01 CST. A tentative agreement was reached and we were told to return to work at 2:30PM CST on Wednesday, September 26th, 2007.

Within two and a half hours after the strike was called, David Swift stopped by the picket site and brought a dozen pizzas and two cases of drinks. Your kindness and even more importantly, your refusal to cross the picket line, will always be remembered.

Working together, labor will see a resurgence in organizing and governmental support.

We value your friendship and leadership.

Fraternally,

Eldon J. Renaud, President
