NOTICE TO THE PUBLIC

Teamsters Local Union No. 89 is picketing Summitt Trucking because it pays its employees substandard wages and benefits. Local 89 represents workers employed by other employers who perform the same work as the men and women who work for Summitt Trucking. Over time and through hard work, we have been able to win contracts that guarantee the workers we represent fair wages, good benefits (including employee paid medical and dental insurance, paid sick leave, paid vacations, paid holidays, and employer-paid pension and retirement) and job security.

Summitt Trucking pays its employees wages and benefits well below the standards we have established and are trying to maintain. As a result, this employer is unfairly competing with the employers who employ our members and is jeopardizing their job security and livelihood.

We ask you to support our efforts to maintain fair standards for our members and their families during our dispute with Summitt Trucking so long as it continues to pay substandard wages and benefits.
