The work week for part-time employees hired after July 31, 2000, and for full-time employees hired after July 31, 1997 will consist of any combination up to five (5) days in a seven (7) day period. Work performed on an employee's sixth (6th) day will be paid at time and one-half, and work performed on an employee's seventh (7th) day will be paid at double time.

Employees who work a four (4) day, ten (10) hour shift workweek will receive time-and-one-half for work performed on their fifth (5th) workday and double time for work performed on their sixth (6th) and seventh (7th) workdays.

It is understood that, upon ratification, the Company may create full time jobs that have varying daily guarantees where the overtime will not apply until after the guarantee. These jobs will be scheduled with forty (40) hours in the workweek.

Overtime and double-time will only be paid during the established work week.

The normal workday for 2nd Day employees shall have start times between 6:00 a.m. and 5:59 p.m. The normal workday for 1Day employees shall have start times between 6:00 p.m. and 5:59 a.m. and shall be considered the sort date.

Section B

Employees with a three (3) hour guarantee will be paid time and one-half for all hours worked over five (5) hours in a twenty-four (24) hour period.

Section C

Should a need develop in the Air operation due to a one (1) or two (2) day(s)-a-week imbalance of regularly scheduled work, the Employer may hire employees for such limited work weeks. However, prior to implementation, the Employer will meet with the Local Union to agree on appropriate shifts, benefits and seniority provisions.

Section D

Part-time employees shall be entitled to a three (3) hour daily guarantee. Employees agreeing to work a double shift on a given day shall be entitled to a three (3) hour guarantee for each shift. This guarantee applies on all holidays worked. The guarantee may be broken by mutual consent provided the employees acknowledge such with the appropriate code on the back of their time card and signs same. Part-time employees arriving to work after their scheduled start time, if put to work, shall forfeit their daily guarantee. For purposes of pay, the holiday shall be defined as the day the holiday is nationally observed.

Section E

Start times may be adjusted with notification prior to the employees reporting for work, to coincide with the arrival and departure of parcels and/or planes.

Section F

Full-time employee's start times must be posted by Friday of the preceding work week. Section G

If a full-time 7:00 – 7:30 am Housekeeping/Hub employee's established start time is changed for five (5) consecutive working days or more, one half (1/2) hour up to two (2) hours later, then the employee may use his/her seniority within the same bid start time, work week and classification to take the start time and job assignment of the most junior full-time employee with that initial start time that was changed.

The most junior employee must then move to the assignment and start time left by the employee that has replaced him or her. This will end the process.

Section H

Six-hour employees, upon request, will be given 24 hours of work in a week with one holiday or 18 hours of work in a week with 2 holidays. This request must be received by the first scheduled work day prior to the week of the holiday. These hours shall include hours worked on the holiday, and may be scheduled on days outside the normal workweek or shift. No individual vacation days may be taken to give employees six (6) work days.

In the event that a sort does not run in the week following the celebration of a holiday recognized by this agreement, six (6) hour employees shall indicate in writing their intent to work 30 hours. This request must be received by the first scheduled work day prior to the week of the holiday. The Company may, at their discretion, schedule a day of work outside the employee's normal workweek or shift. No individual vacation days may be taken to give employees six (6) work days.

The language stated in the two (2) paragraphs above shall not apply to the weeks of Christmas, New Year's, or 4th of July.

The Employer and the Union agree to establish a Belt Maintenance Mechanic review committee. This Committee will consist of an equal number of representatives from the Union and UPS. The Committee will meet on a quarterly basis to review the work typically performed by vendors. This would include corporate campaigns, new installations, and modifications to determine to what degree, if any, a portion of any work that is typically performed by the vendors could be offered to Belt Maintenance mechanics. It is understood that only work that does not require additional training, certification, tools or equipment will be considered. This opportunity would set no precedent and does not bind the Company to a claim for this, or other types of work typically performed by a vendor, as belt maintenance mechanic work. The parties agree that if, between quarterly meetings, the Company or Union Steward, identify said work, that Belt Maintenance mechanics could perform, it could be brought to a designated management person for review. If agreed upon, one of the stewards can sign off on the work being performed by Belt Maintenance mechanics with the understanding above.

Six hour jobs will only be filled by current part-time employees from the existing six hour transfer lists and not hired from the outside. Six-hour transfers will be posted electronically through the BIDX system. Part-time employees will be permitted to select the transfers by seniority. Six-hour transfers will be posted midweek and taken down the following midweek. The transfer will be awarded no later than ten (10) days from the transfer coming down. Six-hour and three-hour transfer awards will be posted electronically through the BIDX system for fifteen (15) calendar days. If the employee is awarded a position and does not accept the position, it will count as an awarded-transfer in reference to the above stated two (2) moves per twelve (12) month period. Employees will be allowed five working days to disqualify after assignment to a new position. A part-time employee must work sixty (60) workdays after transferring to a new position prior to exercising a new transfer, if eligible.

Upon qualifying, part-time employees that transfer to Marshalling and Fueling may not transfer to another part-time position for one (1) year, part-time employees that transfer to PSC may not transfer to another part-time position for eighteen (18) months, except within their work assignments unless the new position is an upgrade from 3hr. to 6hr.

The Company shall fill the following part-time jobs: Marshalling, Fueling, PSC, Inbound ramp, AM Housekeeping, GSE Pre-trip, and ULD Control from the existing transfer lists. If the position is not filled after being offered to at least five (5) employees, the Company may fill the position from the outside.

Section C

Daily extra work, including overtime, shall be offered in seniority order within the lists and work area to those who are qualified, present, and available. If not enough employees volunteer to stay, employees will be required to work in reverse order of seniority.

Double shift opportunities, of less than eight hours, will be open to full time Combination and part-time employees, by company seniority. These employees shall have a three hour guarantee. Provided that an employee completes their bid workweek, the first day of work outside the bid workweek will be paid at the rate of time and one half and every day thereafter shall be paid at the double time rate. In addition, daily double shifts shall be offered by company seniority. Employees will be put to work according to the agreed to double shift guidelines dated 9/28/04. Overtime and double time will only be paid during the established workweek.

The above language shall not apply to AMDC, GSE or Belt Maintenance.

Section D

In those instances where the Employer does its own de-icing, it shall use, among others, the dolly, utility and container repair employees. When any of these full-time employees are called into work, they shall be guaranteed a minimum of four (4) hours at the applicable rate of pay for such call in. It is understood that if a "call-in" is required to perform this work, qualified full-time employees shall be called in before any part-time employees.

In those instances where the Employer does its own De-icing, the company shall use the following employees (MANDATORY), first:

Night De-ice Operations

10 Bid De-ice jobs
FT HSK/Hub 7:30 to 3:30
FT 9/11 & 2/4/6 Ramp
FT Wing A Ramp (OPC Drivers)
FT Hub/HSK 12:00 to 8:00

All of the other de-ice employees will
use the new sign up process

If the mandatory list is changed (due to district reassignment, work shift change, etc.) other mandatory areas can/will be added at the discretion of the Company, after discussing with the Union. Employees that work in the mandatory areas must/will work in the de-ice operation. Any employees that transfer to these mandatory areas must understand that de-ice is part of the job responsibility.

Other FT and PT employees can De-ice / Train on a voluntary basis. However, the De-ice management team will determine which operations will require volunteers.

If a De-ice operation needs additional staffing, the “call in” list from the other operation will be used to supplement the De-ice operation. It is understood that Full-time employees will be called in for additional work first; Full-time employees will be guaranteed a minimum of (4) hours at the applicable rate of pay for such a call in.

Weekend De-icing is voluntary and is limited to employees that work that particular shift. If the operation does not get enough volunteers, the total “call in” list will be used to staff the operation, beginning with Full-time employees. The total call in list refers to a combination of both night and day de-ice employees.

The Company agrees to two (2) opportunities during the life of this agreement for 10% of those not already opted out within each mandatory group to be exempt from de-ice. However, it is understood that the number of employees opted out in any mandatory group cannot exceed 30%. The 10% will be determined by seniority. The first 10% offering will take place after the 2018/2019 deice season is concluded. The second 10% offering will take place after the 2019/2020 deice season is concluded. It is understood that all future vacancies within mandatory groups will be required to de-ice as part of their bid.

Section E

All employees operating UPS power equipment must have a valid driver’s license. Employees losing their license will be offered work in a non-driving area until their license is restored.

Section F

Movement of employees between shifts (Next Day Air and Second Day Air) on a limited basis shall be controlled by the labor manager so as not to interfere with the operation of the business. There shall be no movement in November and December or during the vacation hire period.

Section G

Paid ten (10) minute rest period provisions shall apply to all Louisville Air Operation employees. The administration of this provision may differ between the Next Day Air Operation and the Second Day Air Operation. Part-time employees will receive a second ten (10) minute break if they are worked over six (6) hours.

ARTICLE IV- FULL TIME POSITIONS

Section A

The Employer agrees that in filling permanent full-time driver jobs in the Centennial building one (1) out of five (5) will be offered by seniority to all Air District employees provided they meet the same requirements as applicants for the job.

There will be an annual bid posted the 1st week of January and pulled by January 15th for those interested in driving positions. Available jobs during the year shall be filled by seniority from that list.

Section B

The employee awarded the driving job must complete a thirty (30) working day training period. Employees who fail to qualify will return to their previous job and will not be considered for driving for at least one (1) year. An employee who fails to qualify on their second (2nd) attempt, shall not be allowed to bid for another three (3) years. Employees who disqualify themselves on their first (1st) attempt will not be allowed to bid for two (2) years. Air operation employees successfully transferring to a driving job in the Kentucky district will be considered as a newly-hired, full-time employee and will be added to the appropriate seniority list. Their seniority date shall be in accordance with the Central Conference of Teamsters Supplemental Agreement.

Section C

Full-time employees may be awarded two bids per year (including bids within their classification). If an employee is awarded a position and does not accept the position, it will count as an awarded job in reference to the above stated two moves. Also, anyone that is awarded a bid and is disqualified, either by management or themselves, will be considered having an awarded position in reference to the above stated two moves. After the original move and three (3) others by full-time employees, subsequent full-time openings (except consecutive day jobs and AMDC jobs) shall be made available in seniority order to the most senior part-time employee desiring to become full-time.

Consecutive day jobs and AMDC jobs will continue the bid process up to two (2) more bids beyond the original move and three (3) others by full-time employees. An employee who disqualifies himself/herself shall not be allowed to bid again for eighteen (18) months. Any disqualification will count as a move in the bid process.

Section D

A newly promoted full-time employee must stay in their original bid classification for a six-month period, except in the case of newly created full-time jobs.

Employees bidding a full-time position will be subject to a thirty (30)-day qualification period. Full-time employees will have ten (10) working days to disqualify themselves. If an employee is disqualified from a bid job the opening shall go to the next person on the bid sheet.

Any full-time air employee who successfully completes the GSE or Belt Maintenance Skills Inventory shall work under a six (6) month qualifying period. After qualifying, the employee will begin an eighteen (18) month progression. All progression increases will be based on the top rate in GSE at the time of the increase. After completing the qualifying period, the employee shall go to one hundred percent (100%) of the current GSE rate. For vacation purposes, the employee shall receive credit equal to their company seniority and employees' seniority will end tail on GSE and the Air District Maintenance Seniority list.

The annual bid for all GSE and Air District Belt Maintenance mechanics will be posted prior to October 1 of each year, selected by October 31, and assigned by November 15.

If a bid job is vacated, the company will bid the job as it was bid previously, except for legitimate operational needs. When a job is vacated, the Company will post a job for bid the following mid-week. When the employee qualifies for a new job, the opening will be bid in the next week. The bid will be posted until the following mid-week and awarded no later than ten (10) days from the bid coming down. Full-time bid awards will be posted electronically through the BIDX system for fifteen (15) calendar days. When a job becomes vacant through the bid process, open positions will not be filled until the job is bid and the awarded bid employee arrives. In the meantime, the Company may assign a qualified employee. When the posted bid closes, the employee with the most Company seniority between the awarded bid and the internal transfer request will be assigned the job. (The 30 working day LOA will not apply to the employee who is temporarily assigned this job.) Full-time jobs vacated in the small sort operation shall be replaced by another full-time employee or part-time to full-time employee, depending on the move in the bid process. The company maintains the right to determine whether the job needs to be filled.

Section E

Part-time air employees successfully transferring to full-time air jobs will be considered as newly hired full-time employees and will be added to the appropriate seniority list. Their seniority date will be the day of transfer. For vacation purposes, the employee shall receive credit equal to all time worked as a part-time employee and will have the option to take his or her part-time vacation paid or carry their accrued part-time vacation into their full-time classification. The vacation will be granted in accordance with the percentages as per Article VI, Section F, 3. All monies will be paid at the accrued part-time rate.

Section F – Displaced Employees

In the event an employee becomes displaced because of the elimination of their job, the following will be the manner in which they may exercise seniority: the displaced employee may take the job of a person with less seniority. If two (2) employees are on the same bid job the most junior employee will be bumped. Seniority shall then be honored for premium start time. This will constitute the original move. Thereafter three (3) more moves, if needed, will be allowed. After the original move and three (3) others, the displaced employee must displace the most junior person of all classifications.

Elimination of job shall be defined as moving the start time more than two (2) hours or changing work week, or when a job changes by 50% or more. It is understood that the 50% provision does not apply to full-time combination jobs.

Section G

Commencing with the first (1st) full-time opening in the Louisville utility classification after January 1, 1989, the Employer will make available one (1) out of every two (2) full-time utility openings to Air District employees on the basis of qualification. If two (2) or more applicants meet the qualification, the most senior employee of those being considered shall be given the first (1st) opportunity. The Air District employee accepting the utility position shall retain seniority in the Local 89 classification until they gain seniority in the Local 2727 utility classification, employees shall have seniority rights in their previous Local 89 classification.

Section H – The following Paragraph Applies to the AMDC Only

When it becomes necessary to cover an entire schedule shift, overtime will be offered in order of seniority to those present, qualified and available. Present and available employees for the purpose of this Article are those employees whose shift begins or ends not more than one (1) hour from the start time of the needed overtime; qualified is defined as having completed a thirty (30) working day qualification period.

Vacation pay for full-time employees shall be computed by multiplying forty-five (45) times the employees' straight time rate. Part-time employees' vacation pay shall be computed by multiplying twenty (20) times the employees' straight time rate.

If a holiday falls during the employees' vacation, they shall be paid an extra day's pay for the holiday in addition to their regular pay.

On the payday immediately preceding the employees' vacation, they shall be paid their vacation pay at their then current hourly rate.

Vacation pay, except days designated to be taken one (1) day at a time, will be made on separate checks.

Employee's time off due to illness or off-the-job injuries shall count toward vacation up to four (4) weeks. Employee's time off for on-the-job injury shall count toward vacation for one (1) year.

Seniority employees with more than one (1) year of service who resign or whose services are terminated, except for dishonesty, shall be (prorated) paid for the number of days/weeks vacation (as set forth in this Article for their then completed years of service).

Section H

The Employer has the right to hire vacation replacements. Vacation replacements hired in May, June, July, and August shall not gain seniority unless they have worked after Labor Day. It is understood that the Company will notify the Local Union when it intends

to implement the vacation replacement language. Employees hired after April 30, 1997 will have their date of hire as their seniority date after meeting all pre-seniority requirements. This provision will not lead to the changing of any seniority dates from April 1997 to present, except in cases of inadvertent errors, in accordance with the provision in article 3 Section 4 of the CRT/UPS Supplement addressing the protesting of seniority date accuracy.

Employees worked after Labor Day shall have their time worked prior to Labor Day counted toward the acquisition of seniority provided for elsewhere in this Agreement.

The total number of vacation hires in May, June, July and August cannot exceed a number that is equal to fifteen percent (15%) of the employees being covered on the payroll as of May 1. Should the number exceed fifteen percent (15%), the earliest hired in excess of the fifteen percent (15%) during this period shall be considered regular hires, and be subject to normal seniority provisions in this Agreement.

The Employer shall require employees hired as vacation replacements to sign a "vacation replacement" form, and the Employer shall notify the Union of vacation replacement hiring.

In cases of full-time vacation replacements, part-time employees may work as full-time vacation replacements under the terms of this provision and still retain their seniority as part-time employees.

Section I

If a situation develops where employees have a problem getting summer vacations because of the fifteen percent (15%) limitation, the following procedure may be adopted with the approval of the Local Union.

Vacation selection, including the first week, shall be in two segments. During the first (1st) segment, employees in seniority order will be allowed to select the following number of weeks:

Number of Weeks Vacation	1 st Round
5	3
4	2

3	2
2	2

After completion of the initial selection segment, all employees in seniority order will select whatever remaining weeks they have earned.

Section J

Cartage, Porter Helpers, and AMDC employees shall be allowed to take vacation between Monday after Thanksgiving through Christmas up to 15%, provided the Worldport hub is adequately staffed for peak season.

The 25 year service pension at age sixty (60) and the 30 year service pension at any age shall be calculated using the same formula.

The 25 year service pension at any age shall be calculated based on \$70 times the number of years of service in a six (6) hour job plus the number of years of service in a three (3) hour guarantee job times the service pension accrual rate applicable to the employee when he held the three (3) hour job.

The original bump will constitute the original move. Thereafter two (2) more moves, if needed will be allowed. After the original move and two (2) others the final displaced employee must bump to a three (3) hour position, the most junior six (6) hour position, or take the open six (6) hour position, if one exists. If the most junior six (6) hour employee is bumped he/she will become a three (3) hour employee. Employees in the Fueling, Marshalling and PSC classifications will be limited to moves within their classification.
